

NanoSystem Solutions, Inc.

5192-8 Katsuren haebaru Uruma city

Okinawa, Japan

22 August, 2019

To Our Valued Partners,

Announcement of Completion as a wholly-owned subsidiary of V Technology Co., Ltd.

We are pleased to announce that NanoSystem Solutions, Inc. became a wholly-owned subsidiary of V Technology Co., Ltd. through stock acquisition as of 22 August, 2019.

V Technology Co., Ltd (YBP East Tower 9F, 134 Godo-Cho, Hodogaya-ku, Yokohama City, Kanawaga, JAPAN, President and CEO: Shigeto Sugimoto, "V-Tech") is listed on the first section of the Tokyo Stock Exchange, and its main business is manufacturing equipment for displays (net sales of ¥ 72.1 billion for the fiscal year ending March 2019).

We believe teaming up with V-Tech will bring us even greater stability in both our financial base and our management base; expedite and enhance research and development, allowing us to meet and exceed our customers' expectations, and continue to maintain their trust at even greater levels.

Since being establish in December 2004, we have continued to develop for over 15 years with support from the "National Institute of Advanced Industrial Science and Technology," but this growth and development was also due — in no small part — to our valued customers' patronage and support.

We appreciate continued business and support, and look forward to continued achievements with you.

Sincerely,

Hitoshi Inazumi

President

Kazumi Haga
